You should have information (from your results letter and/or from an email I have sent you) on which of the components of the Continuous Assessment you need to sit. If you also need to sit the Final Exam, the information on timing of that will be available from the Exams office in due course but is usually in August.

The table below tells you the timeline on all the Continuous Assessment elements.

The Programming Assignments 1 & 2 the same as the Summer sitting. The Lab Tests 1 & 2, in-class tests will be of the same format and structure but different as would be usual for lab tests.

Lab Test 1	Lab Test 2	Prog Assignment 1	Prog Assignment 2
5%	5%	20%	20%
